Ardex Well Represented at Build NZ

Ardex New Zealand took part in the bi annual Building Trade Show held at the ASB Showgrounds, Greenlane, Auckland.

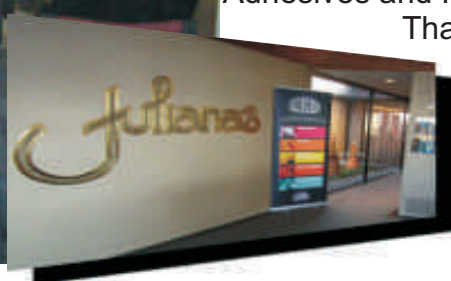

This is one of the biggest Building Exhibitions held in New Zealand with over 450 stands in the 3 hall complex. The 3 day event was very well attended and Mark Rayner reported that the traffic was endless, with the Auckland team of Tony Nesbit and Tim Lewis doing well to cope. The Tiling was handled by Graham Russell with Kevin Jackson doing his classic K55 pour in the middle of the stand.

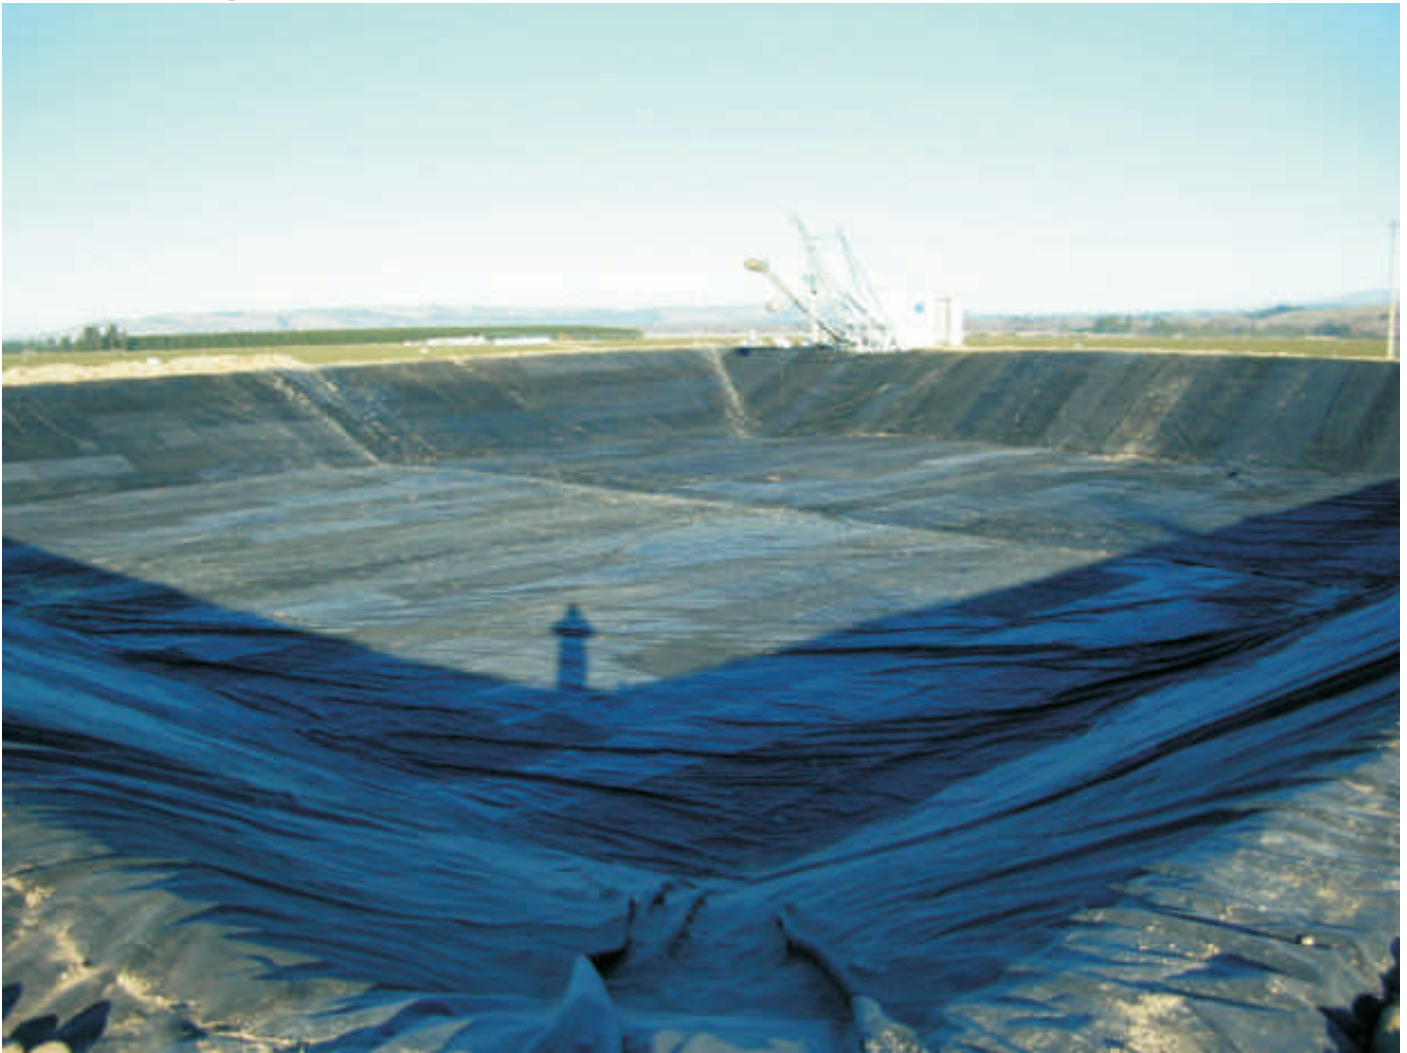

ARDEXPO

This new initiative from the desk of Ronald Rose and assisted by Willie Jensen was tried for the first time in New Plymouth. Around fifty specifying companies were invited to attend a one day seminar at the Autlodge. Ardex presented their three product categories. Demonstrations were done in Waterproofing, Ceramic Tile Adhesives and Floor Levelling Cements.

Thanks go to the assistance of Graham Russell and Kevin Jackson of Ardex NZ and Shaun Stephens of Flooring Wholesale Ltd.

Keeping The Catchment In Kimball

An effluent pond liner was required by a dairy farmer at Kimball in South Canterbury. In order to achieve his goal he contacted Ardex NZ Ltd, Christchurch.

After some discussion with Brian Sutton it was established that we were able to meet his needs. A price was agreed, a site visit made then a liner of 2500m² was produced for installation in our fabrication department.

Under the guidance of Brian Sutton and a team from the Factory comprising of Rob Lindsay, Roger Smith and Simon Bayley we undertook the installation of the liner. The installation work was carried out over three days as there was some site welding needed to join four 25m x 25m panels together to achieve the result we were looking for.

Southern Agreement

Damon Clutterbuck is presented his Applicator Agreement Certificate by Kevin Vincent, Ardex NZ Ltd's, General Manager, while Kevin was travelling around the South Island with John Fass, South Island Sales Manager.

Membrane Conference - Confirmation

Last Chance To Register.....

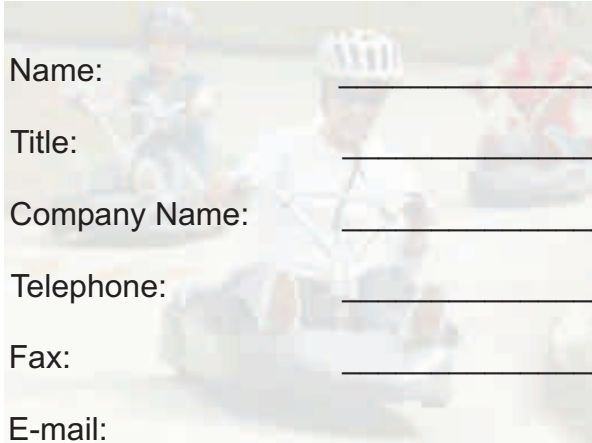

Act Now!!!!

Thank you for your initial booking for the Ardex Membrane Conference from the 20th to the 22nd of August 2007.
